In Search Of An Apprentice

We are now accepting applications for one candidate to apprentice at our ranch.

This apprenticeship opportunity will give the appropriate candidate the skills to develop a working partnership with horses. This partnership is built on friendship and trust creating a pathway to communicate, through groundwork, manners, as well as training at liberty. This position will give you a very good understanding of the workhorses entail. However, there's nothing like the rewards of such a position either. You will get a first-hand understanding of whether you are suited for a position in an equine-related field, as well as gain experience and knowledge that will help you succeed in any profession. This is also a good opportunity to develop mentors and contacts along the way.

The chosen candidate will do morning chores, help with summer camps and work with training horses. In exchange you'll receive knowledge and experience working with young or green horses, developing communication with people of all ages, and learn how to run an actual multi-species ranch! The chosen candidate will also be allowed to board one horse free of charge, so that you may apply what you're learning in real-time. This may also include the opportunity to learn the skill of shoeing horses and running a farrier business for the right person.

This position is open to an individual 18+ with a valid driver's license and reliable transportation.

If this sounds like an opportunity for you, fill out the following form and send it back no later than April 10th.
